

Hair Donation Step-by-Step Instructions

1. We request 10" minimum hair length (from top to bottom), however longer lengths are appreciated **although we also accept 7-9 inches** to make a boy's wig or short wig for a girl.
2. Hair needs to be clean, and thoroughly dry. Please bundle hair in a ponytail or braid before having it cut. After it has been secured, please cut 1 inch ABOVE the rubber band so the strands stay bundled. Once it has been cut please place in a plastic bag.
3. Layered hair may be divided into multiple ponytails and then cut.
4. Hair may not be colored, chemically treated (if unsure, ask your stylist), or more than 10% gray.
5. You may pull curly hair straight to measure the minimum 10". It is not necessary to straighten it prior to donating it.
6. **Maggie's Wigs 4 Kids of Michigan** accepts hair from all ages and all countries.
7. Hair that was cut over a year ago is not usable.
8. Hair swept off the floor is not acceptable.
9. **PLEASE NOTE:** You may go to any professional of your choice to cut your hair as long as the above guidelines are followed.
10. **Go Green Salon**, located inside **W4K**, offers a consultation, haircut and style for a fee to those wishing to donate their hair. 50% of the proceeds from the appointment goes back to **W4K**.
